Better than new, half the price... guaranteed!

The STS Unconditional, Iron-Clad, No Wiggle Room, No Weasel Clause  
Lifetime Guarantee, Microsoft® Certification,  
Buy Back and Recycling Agreement

All computer hardware furnished by School Tech Supply includes an unconditional Lifetime Guarantee. In the event of any computer hardware malfunction (excluding laptop batteries), School Tech Supply shall provide the replacement part or replacement computer without cost. This guarantee shall remain in force as long as the computer is property of the school district.

As an authorized member of the Microsoft® Community MAR program, all computer hardware furnished by School Tech Supply includes a legally licensed copy of Windows XP Pro.

School Tech Supply will buy back any STS computer hardware within 3 years of the date of purchase at a negotiated price. After 3 years, School Tech Supply will pick up and recycle any computer hardware in an eco-friendly manner.

## Re: The Next Big Thing for Schools who can't afford to meet their Technology Goals

The *next big thing* actually comes in the form of something that is two and three years old. In 2010, the adoption rate of schools using brand name refurbished computers exploded.

At School Tech Supply, our sales of STS Certified Dell and HP computers grew by 268%. Our biggest increase came from schools that switched to a refurbished solution for the first time.

When you can purchase three brand name computers for the cost of a single new one -- without sacrificing the learning experience – it's an easy decision to make when money is tight.

STS Certified Dell and HP off-lease computers come out of clean, corporate environments. Each machine is put through a 12 step testing, cleaning and re-testing process to qualify for the STS Certification seal.

You will also enjoy peace of mind with our...

### **FREE Iron-Clad, Unconditional, No Wiggle Room Lifetime Guarantee**

Every STS Certified computer comes with an unconditional FREE Lifetime guarantee. In the event of any computer hardware malfunction (excluding laptop batteries), we will supply the replacement part or a replacement computer without cost. This guarantee shall remain in force as long as the computer is property of the school district. We are the only company in the industry (new or refurbished) to offer this commitment to our customers. We also offer FREE hard drive imaging and every computer includes a FREE fully supported Windows XP License

### **We will buy back your PC anytime within 3 years**

And after 3 years we offer FREE pick up and recycle it in an eco-friendly manner. If you are interested in a 50% -75 reduction in the Total Cost of Ownership without sacrificing the learning experience, call me today.

**P.S.** We will purchase your old, unused computers. See the **Cash for Clunkers** announcement on our website.

**P.P.S.** The HoverCam T3 document camera is only \$219. At that price, you can get 3 or 4 times as many cameras for the same amount of money as the traditional bulky, expensive, lower resolution document cameras. HoverCam's 3 megapixel camera provides clear images, even of small text. Its ultra portable with a tiny footprint and compact design. It produces smooth video images that are always in focus, making your visual presentation a "wow" experience. And the HoverCam also operates as a desktop scanner.
